Boxed beef was higher on early sales Tuesday, but movement on daily load movement remains light with 59 loads sold and only 27.01 loads were Choice. For the month beef prices are higher. Choice beef as of Tuesday sales gained \$18.13 and Select beef gained \$21.55. Consumer demand for lower priced beef along with more cattle grading Choice are narrowing the spread between Choice and Select.

February Live Cattle closed and went off the board Tuesday at \$167.50. February moved higher the last hour of trading. At 11:10AM CST Feb Live Cattle were trading at \$166.37 and moved up through the hour. February settled on February 27th at \$165.00. Open Interest as of Tuesday morning was 178 contracts.

Cattle buyers after last week's light buy should need cattle unless they plan on another light kill. Wednesday packers will be bring in their own cattle and March contracted cattle. They may decide to keep cattle in the feedlots in order to increase weights. The grading percent is high but weights have been dropping from the beginning of the year or packers may push for more cattle to increase the Select beef market slaughter.

With the grade on cattle up at 85.4%, the number of Select Cattle has been going down. This is the opposite of what happened through the summer and early fall of 2022 when the severe heat in the Southwest change cattle from Choice to having too many Select. Now, consumers are looking for cheaper beef.

Cattle slaughter is going to be less in 2023, fewer cattle and there will be lighter cattle. Nothing in the report changes the bull market taking place. But with premiums in the market now for fall and into 2024, look for traders to narrow the difference.

For week ending February 16th beef net sales were 15,400 MT. China was largest buyer with normal buy around 4300MT followed by South Korea with a disappointing 2800MT and Japan at 2200MT.

Week ending February 9, 2023, net exports were 28,100 MT.

National Weekly Fed Cattle Comprehensive Report February 21, 2023

As of February 21, 2023 dressed steer and heifer carcasses averaged 872.6 pounds up 2.3 pounds The grading percent remains high at 85.4% compared to previous week at 85.8%.

Compared to last week, steers and heifers sold steady to 4.00 higher. The supply of feeders was moderate and demand remains good to very good. With spring around the corner, many producers jumped into the market this week to finish or started to buy grass cattle and replacement heifers for summer turnout. Some sale barns in the Plains have started their biweekly cattle auctions, and this brought buyers to the sales as they sense grass cattle numbers could be getting in short supply.
